

Get the most from your Ishida F-SPA or P-SPA Strip Pack Applicator, with genuine Ishida SPA Tapes

Ishida offers a range of special tapes on which you can mount a wide variety of bagged products to create impactful hanging displays (hang strips, clip strips, promotion strips or point-of-purchase strips), using Ishida F-SPA or P-SPA strip pack applicator machines.

These innovative tapes enable you to optimise production with the state-of-the-art Ishida applicators, while matching the tape to the plastic of your pack for top quality results and reducing the risk of delamination when bags are pulled off. From within the range you can select tapes which will heat-seal to OPP, O-Pet and O-Ny.

- Choice of film materials means the right tape for your pack
- Accepts print beautifully, enabling colourful, high-impact displays
- Bags can be pulled off easily without pack delamination
- Patented Ishida technology means customer or staff can readily re-attach bag to strip (Ishida 6)
- Strong strip, able to support up to 1kg with a simple punched hole
- Perfect for use with an Ishida Strip Pack Applicator to give highest speeds and best results
